Green House and Plant Gardens

To My Patrons and Friends :

With over 30 years experience in growing and hardening early Tomatoes, Winter and Spring Cabbage and growing, packing and shipping Strawberries, I feel I ought to be able to give satisfaction. I thank you for past favors and solicit your trade for this season.

Cabbage Plants

We have about 100,000 wintered over and winter grown plants, also spring and summer grown. Our wintered over cabbage are the finest I ever had. Not too large, but age and size just right. No danger of them going to seed. Our plants, grown with Southern plants, have beaten them ten days to two weeks. They are wintered in frames sufficiently warm to keep the stems from injury. Our price will be \$1.75 per 1000, and 25c 100. This is less than we ever sold them before.

We expect to offer a fine lot of winter grown cabbage plants that are hardy and ready for use about as early as wintered over. Price \$2.00 1000, 25c 100. Also spring and summer Cabbage in season. Varieties, WAKEFIELD, WININGSTADT and EARLY SKEHEAD.

Early Tomatoes

We grow for market gardeners a transplanted plant ready for field May 1st to 15th. This plant can be handled in crates in damp moss successfully, and under favorable conditions yield ripe fruit June 20th to 25th. Price \$7.00 per 1000, \$1.00 100, 15c dozen, or if ordered by March 20th, \$6.50 per thousand. We also grow a great many in pots, 2 to 4 inch pots and paper shells for gardens and nearby market gardens. Prices from 25c to 60c a dozen ; less in larger quantities. Varieties will be EARLIANA NO. 10, GREENS IMPROVED EARLIANA, BONNY BEST, I. X. L., JOHN BAER and other new varieties.

Egg Plants

These are grown in greenhouse and ready for field (six inches high) May 10th. Price \$1.00 100, 20c a dozen. Varieties, NEW YORK and BLACK BEAUTY.

Sweet Potato Plants

We grow a great many sweet potato plants, both in steam and manure beds. Our standard potato is the improved Carolina (yellow). This is the principal potato grown here. They grow short, sweet, early and are prolific. Price at beds, \$1.00 1000 ; \$1.40 1000 packed and shipped. Expect to have some Gold Skin \$1.25 at bed, \$1.50 packed and shipped.

Seed Sweet Potatoes

We have a few hundred baskets of the Improved Carolina at 25c a Basket at house, 50c a basket shipped in bbls, bbls. 15c. Orders taken now at above prices. May advance later.

Cantaloupe Seed

We have the EDEN GEM and the Netted Rock King (claimed to be blight proof). Our stock came from Colorado and have only been grown here one year. Price for Eden Gem, 60c lb.; Netted Rock King 90c lb. postpaid.
